Principal's News

Week 5 of the term already, WOW!

The school is still in the midst of refurbishment, the Office Building has been painted inside; just waiting for the carpet, then we can move back upstairs.

The BER building will be moved up during the school holidays for safety reasons. The Grove people are saying 4 weeks from start to finish. Then the massive task of setting up the library begins.

We have a lot of books to cover and accession into our library so this will take a long time. If you can help by covering books please let me know, this would be a great help.

A big thank you to Terri Price and Chris Warren for running a smooth catering event. Well done guys! Also, a thank you to the parents, children and staff of Wartburg State School for joining in the fundraising efforts.

Maths while planning your week

Time is one of the most difficult concepts for kids to understand. Try asking your kids to work out how long it is until... (e.g. If we need to be at Grandma's at 3:00 and it takes 15 minutes to get there, what time do we need to leave?) This is really important to do for days/weeks as well as hours/minutes. For example, "It is Thursday today, so how many days are there until you start

Lowmead Floods

by Gemma Nicol, Lowmead State School

My school went under in the flood
Everything was covered in dirt and
mud.

Also the chairs

Don't forget the teddy bears.

My school went under in the flood.

The workers came and cleaned the school,

It no longer looks like a dirty pool,

I'm happy to say

I'm in class today

My school's no longer in the flood.
